FIRST SNOW FELL EARLY THIS MORNING

"BEAUTIFUL" MADE ITS APPEARANCE MUCH EARLIER THAN LAST YEAR

The first snow of the year fell in Dixon this morning, a very light flurry of the beautiful falling between 6 and 7 o'clock, following a cold night. The first snow this year is nearly three weeks earlier than last year, Oct. 26 being the first "white" day in 1914. In 1913 the first snow fell on Oct. 21.

Reports from the trainmen on Northwestern mail train No. 15 this morning were to the effect that the first snow which fell in Chicago dur ing the early hours was heavy enough to cover the ground with a light white mantle.

MAYOR PROCLAIMS A HOLIDAY; STORES TO CLOSE FOR THE GAME

MAYOR SCHMIDT URGES SUP PORT FOR WHALES-DIXON GAME MONDAY.

STORES CLOSED FROM 3 TO 5

Visit of Federal League Champions Will Be Biggest Sporting Event Here.

It will be our privilege to see Joe Tinker's Federal League champions in a game with our independent team composed of stars in their respective leagues and most of them are Dixon boys.

Let us suspend business a few hours Monday, Oct. 11th, and go out to Lincoln park and give them a wel come home and show them that we appreciate them fully as much as they do in the cities of their leagues.

Baseball is our national game; it is the best game played out of doors; it is clean, inspiring and healthful. Let us be loyal and go to see the best game ever played in Dixon.

Respectfully yours,

HENRY SCHMIDT.

The action of Mayor Henry Schmidt in calling attention to the visit of the Chicago Whales, champions of the Federal league, to this city Monday afternoon, when they meet an all-star Dixon team, and the enthusiasm with which the majority of the merchants have agreed to close their places of business from 2 until 5 o'clock Mon day afternoon in order that everyone may have an opportunity of seeing the first pennant winners Chicago has had in years, indicates that the day is going to be the biggest baseball day of years in this vicinity.

W. G. Kent, secretary of the Com mercial club, has made a canvass of the business places of the city and he reports that nearly all of the business men he has seen have agreed to close their institutions during the hours mentioned.

STOLE COPPER WIRE FROM CENTRAL POLES

NOVEL THEFT DISCOVERED SOUTH OF DIXON EARLY THIS MORNING

TWO MILES OF WIRE STOLEN

In the neighborhood of two miles of copper wire was stolen of the poles along the Illinois Central right of-way under the cover of darkness last night, between this city and El dena. The discovery was not made until this morning when it was found that certain of the wires were not working and on investigation it was discovered that for some distance near where the cut-off of the Northwestern road passes under the Illinois Central three miles south of this city, the wire was gone.

It is thought to have been the work of an organized gang of wire thieves. Copper wire is quite valu able and it has a ready market. The parties implicated in the theft must have been linemen and have had climbers to climb to the top of the poles and clip the band wire which held them to the glass insulator. Several men must have been in the party in order to get away with two miles of wire.

Special Agent Briggs of the road arrived here from Freeport on the morning train and with Chief of Police A. T. Tourtellot started in to try and secure some trail of the guilty parties. They must have had a rig or an auto awaiting them at a nearby road in order to carry their plunder away.

COMMISSIONERS AND RAILROAD ENGINEERS HELD MEETING THURSDAY

A meeting was held Thursday afternoon in the office of the County superintendent of highways L. B. Neighbour by the highway commis sioners of South Dixon and Dixon townships and chief engineer J. S. Robinson and right-of-way man K. B. Treadwell of the Northwestern road in regards to the raising of the highway bridge on the Peoria road over the Northwestern tracks. The railroad company, when they ballast their tracks from this city east next year want to raise the tracks nearly two feet above the present grade and before this can be done it will be necessary to elevate the bridge the same distance. The plan is to raise the middle span two feet and the approach spans on either side, one foot, the company to stand the expense of raising the highway ap proaches with macadam at either end. The agreement for the work was signed up by the Commissioners of the two townships and it has been forwarded to Chicago to have the proper railroad officials sign. The Chicago & Northwestern rail road company has withdrawn its ob jections to the improvement of East River street with concrete pavement, according to a letter received today by W. B. Brinton, president of the Chamber of Commerce, whose aid was enlisted by the city officials. CAR BORE NUMBER ISSUED TO DIXONITE

Chief of Police A. T. Tourtellot of this city is in receipt of a communica tion from Chief C. C. Healey of the Chicago department in regard to a Ford car which he thought might have been stolen from this city. On the afternoon of September 26, an op erator for the Pinkerton Agency re ported to the police department of a Ford car standing in the rear of 323 W. Madison street and people in the vicinity did not know who the car belonged to or how it got there. When an investigator of the police de partment was sent there about 10 p. m. the car was gone. The number of the license on the car was 2238 and inasmuch as the register at the Sec retary of State's office shows that this number was granted in January to W. W. Woolley, of 415 N. Dement Ave., Dixon, it was thought the car might belong here. Mr. Woolley states that the number of the license is the same that he has on his car, but that he never owned a Ford. There seems to be some mystery to the affair.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR DOUBLE ITS BEAUTY

Try this! Hair gets thick, glossy, wavy and beautiful at once.

Immediate?—Yes! Certain? That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. First try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt of excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

Ralston-Reynolds Festivities

Numerous festivities today mark the drawing near of the crowning event of the season, the Ralston-Reynolds wedding. The Reynolds home, itself, is filled with gay groups of young people, members of the bridal party and guests from Chicago and the very atmosphere breathes the portent of the morrow.

Today at two o'clock a luncheon was served at the home to twenty-eight members of the wedding party, and a few of the guests who have arrived from Chicago. Tonight the members of the party and Chicago guests to the number of forty will be seated at the Colonial Inn, Grand Detour. Mrs. Werren, the landlady of the inn, has arranged tables in the form of a huge "U" in the dining room and candelabra and individual candles and hollowed pumpkins, laden with fruit, will adorn it. Miss Reynolds and Mr. Ralston will have the seats of honor at the head of the "U." Mrs. Werren has cleared the attic of the inn and made it a veritable autumn garden where the evening will be spent in dancing.

This morning Mrs. C. B. Morrison and her daughter, Mrs. Mathews of Spokane, Wash., entertained the ladies of the wedding party—Mrs. Harvey, Miss Virginia Pope, Mrs. Fletcher Dolyns, Miss Dorothy Sears, Miss Grace Badger, Miss Dorothy White, Miss Gladys Steel and Miss Lea Hunter, at a breakfast.

And last night, Mr. Ralston had the last of his bachelor festivities in a dinner served at one of the White Rock cottages. The night was also spent there. The guests were a number of Chicago men and his best men, Douglas Harvey, and the ushers at the wedding.

Miss Reynolds in spite of the numerous festivities, has enjoyed everything to the very fullest, will be as fresh as the dawn tomorrow at her wedding. Her superb coloring is none the less noticeable today, and she will make a very handsome, striking bride.

The large Reynolds' residence is full of guests, the bridesmaids and various friends are taking care of the overflow. Mrs. Moss is entertaining the ushers, and Mrs. McAlpine and Mrs. George Downing will entertain a number of the out of town guests.

For Dancing Lesson

Miss Avis Thompson will go to Chicago tomorrow for her regular lesson at Mrs. Collins' dancing school, where she is studying the society and classic dances.

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Royal Neighbors, Attention!

OCTOBER 8, 1915

RECONSIDER THE STATE AID ROAD.

The Telegraph is still of the firm opinion expressed a few days ago, that the Lee county Board of Supervisors would do well to reconsider their action in the location of the latest state aid road. We cannot understand what line of reasoning convinced them that they should spend the state and county money on a stretch of road that has already been macadamized, when there are miles and miles of bogs and mud that make roads impassable.

The supervisors, at their last meeting, voted to divide the allotment of state aid road, putting part on a road between the Cook school house in Nelson township and Harmon, and putting the rest on a piece of road just out of Dixon on the road to Lee Center, commencing at the viaduct of the C. & N. W. railroad and running southeasterly as far as it will go, which is not

very far, because when the county board gets through dividing the state and county money so as to please all of the Supervisors on the board, nobody gets enough to make it worth while.

The road out of Dixon that the Supervisors propose to improve is in fairly good shape. In spots it is a trifle rough but a little work with a couple of men and a team would soon make the road they propose to rebuild in as good shape as new. At any rate, what is the sense of putting a new road on top of a good macadam road until we have at least charted some of the bounding mains of muck that stretch out through the county?

The road to Harmon needed that piece of state aid road, all right. There is no doubt of that, and we are glad to see that the people down that way are to have at least one piece of permanent road, but we do not believe the action of putting a half mile here and a mile there and another half some place else is ever going to make an appreciable improvement in the road conditions of the county, except as it may demonstrate to travelers, by way of contrast, the difference between a good road and a bad one.

We believe that the State Highway Commission will hardly approve of such an action, or at least, we believe that they should not approve of such an action and if they are taking proper care of the state money they will not allow it to be used in such an impractical manner.

Right now the place, and the only logical place for the state aid money, is on the Lincoln Highway, somewhere between Ashton and Nachusa, and almost any place along that stretch of ten or twelve miles would welcome the improvement. That short piece of roadway is the worst portion of the Lincoln Highway between the Atlantic Ocean and the Mississippi river. Lee county is getting for herself a name that she will have to spend a lot of money to live down. Most any road in the county is better than the Lincoln

Highway and local travelers take other roads but tourists think, "If the Lincoln Highway is this bad, the other roads in the county must be twice as bad," and they would naturally think so for any sane person would reason that the county authorities would let nothing delay them from improving the great national highway that has been stretched across the country as a monument to the great and beloved War President. Almost anyone would think that the officials would have too much patriotism in their hearts and too much pride for their county, to allow our section of the Lincoln Highway to remain a stretch of deep, almost impassable mud.

But no, the Lincoln Highway seems to be the last road to receive improvement in Lee county.

Nut Cake

Simply Delicious

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

In giving this recipe, Mrs. Hill believes it to be one of the best all-around cake recipes it has been her good fortune to make. The simplicity and uniformly good results will appeal to every housewife.

K C Nut Cake

One-half cup butter; 1½ cups granulated sugar; ¾ cup milk; 2 cups flour; 2 level teaspoonsful K C Baking Powder; 1 cup of nut meats chopped fine; whites of 4 eggs, beaten dry.

Sift flour and baking powder together, three times. Cream the butter, add the sugar; then alternately, the milk and the flour mixture; lastly the whites of eggs and the nut meats. Bake in a sheet in a shallow pan thirty or forty minutes. When cold cover with the icing and decorate with whole nut meats. This is also an excellent white cake recipe when nuts are omitted.

Chocolate Icing

One cup granulated sugar; ½ ounce chocolate, white of 1 egg, beaten dry; ¼ teaspoonful vanilla extract; ¼ cup water.

Stir the sugar, chocolate and water until the mixture boils; cover and let boil three minutes. Uncover and let boil till when tested in cold water a soft ball may be formed; beat until the white of egg, then beat until cold, add vanilla.

The nut caramel frosting given on page forty of the K C Cook's Book may be used in place of the chocolate frosting, if desired. A copy of the Cook's Book, handsomely illustrated in 9 colors, will be mailed free, if you will send the colored certificate packed in 25-cent cans of K C Baking Powder to the Jackson Bros. Co., Chicago.

Dramatic Notes

PRINCESS THEATRE

Tonight the Princess Theatre will show a powerful two reel Thanhouser feature entitled "The Dead Man's Keyes" with Riley Chamberlain and Bert Delaney in the leading roles, a story of how a tell tale thumb mark saves an innocent youth. The other pictures are the Mutual Weekly showing the current events throughout the world. The last is a juvenile comedy entitled "The Little Life Guard," a comedy drama of a little life guard.

FAMILY THEATRE.

The patrons of the Family enjoyed to the fullest extent the new vaudeville bill which opened last evening, and the serial picture "Neal of the Navy," two reels of which were shown last evening and on each successive Thursday until the story is completed. The six reel drama "Are You a Mason?" with John Barrymore was one of the most enjoyable and funniest productions seen here in some time.

The vaudeville consists of Redwood & Gordon a snappy singing, talking, dancing and musical act, the LaValas, sensational novelty fire act that is so exceptionally good; Jack Fine, comedian and dancer and the Broadway Comedy Four, a splendid male quartet.

The picture tonight, "A Fool There Was," is in six reels and features Edward Gorge and Theda Bara. This sensational play, one of the most successful of the century, and for many years starring vehicle of Robert Hilliard, has been converted into a supremely vivid and startling photo-play by the Wm. Fox forces.

John Duffy returned last evening from a business trip to Chicago.

Atty W. L. Leech and W. P. Mason were her today from Amboy on business in the circuit court.

Decker-Boden

The William Decker home on the Rock Island Road was the scene of a quiet wedding when a son of the house, Ernest Decker, was married there to Miss Dolly Boden, daughter of Mr. and Mrs. John Boden of Inlet Avenue. Mr. Decker is employed in the shoe factory and his bride will make their home here. The bride is a native of Dixon. Both Mr. and Mrs. Decker have many friends who wish them happiness.

MEN HATE TO LET MONEY GO

So the State Treasurer Tells Cook County Treasurer to Loosen.

Springfield, Ill., Oct. 8.—State Treasurer Andrew Russell served notice on County Treasurer Stuckart at Chicago that he must turn over at once all taxes now in his hands and belonging to the state of Illinois.

Mr. Russell contends that the law provides that this money should have been transferred on July 1. The fund amounts to between \$1,500,000 and \$2,000,000.

What "Snake Poison" Will Do.

Rock Island, Ill., Oct. 8.—The things that a small quantity of "snake poison" will make a man do is wonderful. Recently Joe Taplett, who never had ridden a bicycle decided he was some racer. He promptly got astride the first wheel he ran across and started to break the world's records. He started to climb the first telephone post he came to. The owner of the bike got next to him in time to stop the ascent of a bank building.

GEORGE INSISTS ON FULL VICTORY

King Prefers Abdication to Incomplete Peace.

Allies Continue Terrific Cannonade—Berlin Claims Two Assaults Were Repulsed—All German Counter Attacks Defeated With Heavy Losses, Paris Says—French People Elated.

New York, Oct. 8—A passenger returning on the American liner New York, which arrived from Liverpool, gave a reporter an account from an entirely trustworthy source in London of a recent stormy interview between King George and Premier Asquith at Buckingham palace.

The King, it is said, declared that he would abdicate his throne rather than see the British government agree to an inconclusive peace because "for as an inconclusive peace means defeat."

According to a member of the royal household the King became greatly agitated during the interview with the Prime Minister. King George, who usually sits in a chair by his writing table during his interviews with the ministers, kept pacing up and down the apartment the whole while he was talking to Asquith. The recent speeches of Mr. Lloyd-George and Mr. Churchill, which have been interpreted by their supporters in the press, notably in the Observer as suggesting that without concession the war must result in a draw and the present division of opinion in the cabinet on the recruiting question was the immediate subject of the interview between King George and Mr. Asquith.

The Pinckneys—"Fathers of the Republic"

PERHAPS South Carolina's best gift to this Free Republic was the splendid services of her two great sons—Charles Cotesworth Pinckney and Charles Pinckney. It can truthfully be said of the Pinckneys that their love of honor was greater than their love of power, and deeper than their love of self. One played an important part in the "Louisiana Purchase"—the other, while an envoy to France, was told that the use of money would avert war, and to this replied: "Millions for defense, but not one cent for tribute." Both devoted their eminent abilities toward framing our National Law. The Constitution of the United States, as it stands to-day, was built upon the framework of a plan first proposed by Charles Pinckney. It was he who demanded that it contain freedom of religion, freedom of the press, habeas corpus and trial by jury. In political faith only did these two great men differ. Charles Pinckney was an ardent Democrat, and Charles C. Pinckney a loyal Federalist, and was twice a candidate for President. It is easy to imagine the horror that these two great lovers of Personal Liberty would have expressed if shown the proposed Prohibition Laws of to-day. It is needless to say that if alive they would VOTE NO to such tyrannous encroachments upon the NATURAL RIGHTS OF MAN. The Pinckneys both believed in the moderate use of light wines and barley brews. They also believed in legislation which encouraged the Brewing Industry because they knew that honest Barley Beer makes for true temperance. For 58 years Anheuser-Busch have been brewers of honest Barley-Malt and Saazer Hop beers—the kind the Pinckneys knew to be good for mankind. To-day their great brand—BUDWEISER—because of its quality, purity, mildness and exquisite flavor, exceeds the sale of any other beer by millions of bottles; 7500 people are daily required to keep pace with the public demand for BUDWEISER.

Visitors to St. Louis are courteously invited to inspect our plant—covers 141 acres.

CARRANZA SOON TO REALIZE HIS DREAM

Recognition by U. S. and Latin America Is Near.

Washington, Oct. 8.—It is further indicated in official quarters that actual recognition of Carranza by the governments of the United States and Latin-America may be withheld for a brief period, though there is no doubt about the first chief having been selected as the leader to be accepted eventually as the head of the government of Mexico.

Informal announcement was made that the session of the Pan-American conference which is to be held at the state department Saturday may not be the last one.

John R. Silliman of the consular service who has been President Wilson's personal representative near Carranza for more than a year has arrived in Washington with enthusiastic accounts of the Carranza government. He was summoned to Washington by the state department and has conferred at length with Secretary Lansing on the subject of Carranza's fitness to receive recognition. Shortly after his talk with Mr. Silliman Mr. Lansing went to the White House. Later Mr. Silliman asked for an appointment to see the President who is a Princeton classmate of his.

CUBS BEAT SOX IN SECOND

Heinie Zim Gets Home Run Wallop, Scoring Three Runs.

Chicago, Oct. 8.—Heinie Zimmerman, third baseman of the Cubs, after waiting several years, finally delivered his first great timely smash in a city series when he poled a home run drive to deep left center in the sixth inning, scoring three runs in the second game against the White Sox. Fisher and Schulte had singled ahead of Zimmerman. The joy of the west side fans knew no bounds after Heinie's timely smash that gave Pitcher Jimmy Lavelle a 4 to 0 victory over the Sox. Manager Rowland of the Sox used two pitchers, and two of his wrecking crew as pinch hitters, but they all looked alike to Lavelle. Joe Benz of the Sox was routed in the fifth inning and Cicotte finished the game.

SAYS TEUTONS LOSE 650,000

Italian Expert Declares Germany and Austria Hard Hit in September.

Rome, Oct. 8.—The German losses in September are placed at 300,000 in the eastern theater of war, and 100,000 in France, and the Austrian losses at 250,000, of whom 80,000 are prisoners, according to estimates of Italian military experts.

These estimates do not include victims of diseases, nor 50,000 Teutons who were drowned in the Polish marshes.

French Officers at Gary.

Gary, Ind., Oct. 8.—R. Hedde and J. Charleux of Paris, French army officers, are here to inspect steel orders for their government now being rolled at the Gary works of the Illinois Steel company. Another mission of French officers has departed after inspecting orders being filled by the Aetna Explosive company.

They Need a Few Mothers. Poughkeepsie, Oct. 8.—Mrs. Theodore Roosevelt was re-elected honorary vice president of the New York State Mothers' Assembly here. Mrs. Henry Osgood of Buffalo was re-elected president.

WHY WOMEN SUFFER

MANY DIXON WOMEN ARE LEARNING THE CAUSE

Women often suffer, not knowing the cause.

Backache, headache, dizziness, nervousness,

Irregular urinary passages, weakness, languor—

Each a torture of itself.

Together hint at weakened kidneys.

Strike at the root—get to the cause.

No other remedy more highly endorsed than Doan's Kidney Pills.

Recommended by thousands—

Endorsed at home.

Here's convincing testimony from a Dixon citizen.

Mrs. W. Geiger, 1218 W. Sixth St., Dixon, says: "I get a dull pain in my back, especially when I wash or sweep much. As soon as I feel one of these attacks coming on, I use Doan's Kidney Pills, which I procure at Leake Bros. Co.'s Drug Store and they never fail to remove the trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Geiger had. Foster-Milburn Co., Props., Buffalo, N. Y.

WILL MAKE WRITING EASIER.

Two New Devices for Use With Either

Pen or Pencil.

Two recent inventions—one by a

Texas man and the other by a Chicago-

gan—bid fair to make writing an easy task and far less tiring.

One is a device for use with any pen or pencil of the writer, and the shape of the device, with a weight placed in the lower portion of it, makes the movement of the writing instrument an easy matter.

The other invention is a pen and pencil holder. Slipped over the end of a pen or pencil, this device, which is provided with a sleeve through which the index finger is passed, also makes writing a thing to be enjoyed

"CASCARETS" BEST IF HEADACHY, BILIOUS SICK, CONSTIPATED

Best for liver and bowels, bad breath, bad colds, sour stomach.

Get a 10-cent box.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.

GERMANS START WAR IN BALKANS

Campaign Begun to Smash Way Through Serbia.

CROSS BORDER IN 3 PLACES

French and British Continue to Land Troops at Saloniki—Allied Nations Withdraw Ministers from Sofia—New Greek Cabinet—Roumania to Mobilize Forces at Once.

London, Oct. 8.—The long-expected Austro-German drive through the Balkans to Constantinople has begun.

Austro-German troops in large force have crossed the Danube, Save and Drina, the three rivers forming Serbia's northwestern frontier.

The official statement from Berlin asserts the crossings were effected at several points and that the Austro-Germans have obtained a firm footing on Serbian soil.

No word has come from Serbia, but it is believed possible Bulgarian troops have already crossed the eastern frontier of Serbia, striking for the Nish-Saloniki railway. The Greek minister to Sofia reported only two days ago that Bulgaria would invade Serbia when the Austro-German drive began. No formal declaration of war has come from Sofia, but dispatches from there relayed via Berlin, declare Bulgaria expected to be at war within a few hours.

Gives Route of Invaders.

It was believed here that Austrian troops from the army are marching on Serbia from the west and that they are following the path of the Austrian invasion of last November. The Germans under Von Mackensen are believed to be moving down the Morava Valley, though it is possible some German detachments are attempting the shorter cut to Bulgaria, across the northeastern corner of Serbia.

Serbian forces have been massed along all three rivers for several weeks, ready to meet the invaders. The allies are hopeful that they may withstand the Teuton assault until the success of the Anglo-French offensive forces the Germans to withdraw from Serbia.

An entire French army corps, it was reported here, has reached the Serbian frontier.

Allies' Envoys Leave Sofia.

Envoys of the allied powers left Sofia according to Athens dispatches. Hostilities on the Serbo-Bulgarian border are expected to begin before many hours, simultaneously with an attack by the Austro-Germans on Serbia's northern frontier.

General Liman von Sanders, German commander in Turkey, has arrived at Philippopolis, where he is in conference with the Bulgarian Czar Ferdinand. Other German officers are reported to have left Constantinople for Bulgaria for the beginning of the Serbian invasion.

The first detachments of French troops who landed at Saloniki are reported to have reached the Serbian frontier, near Giveli, where they were received enthusiastically by the Serbian patrols. Other re-enforcements for the Serbs are hurrying forward from Saloniki as rapidly as railway facilities will permit.

The landing of British troops is continuing, according to Saloniki advices. The British for the present are being held at Saloniki awaiting the arrival of supplies.

Zaimis Completes His Cabinet.

Athens, Oct. 8.—Alexander Zaimis has accepted the premiership in succession to M. Venizelos, at the invitation of King Constantine. He has completed his cabinet. M. Zaimis will serve as foreign minister as well as premier. The new cabinet is constituted as follows:

IT'S EASY TO KEEP UP THE FIRE IN A GLOBE RANGE
